<b>Congratulations – You are Financially Free – Treat CF!!!</b>				
Every month thereafter Without fail.	You are allowed to earn 200% from a trading pack size, therefore a \$100k trading pack can earn \$200k.  You can then purchase a \$50k pack and keep doubling each pack size up to \$100k again, or keep renewing the \$100k trading pack.	\$14,500 per month income, less 20% bonus money = \$11,600 left to spend freely per month.
